IMPORTANT

Your 1+1 Rack Bag is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.
ASSEMBLY TIME

Approximately 6 minutes

NOTE
Additional time may be required for optional steps, or to accommodate other installed accessories.

INSTALLATION INSTRUCTIONS

CAUTION
BEFORE STARTING INSTALLATION, always ensure vehicle is on a flat stable surface and is properly secured to avoid accidental tipping or other movement in order to prevent personal injury and/or damage to equipment. If applicable, turn key to "OFF" position and remove from vehicle.

1. Open rear zipper and insert bag from the rear into the open space underneath the rear rack as shown.

2. Once the bag is in position secure in place using the two indicated hook and loop fastener panels on each side of the bag. The hook and loop fastener panels should be wrapped tightly around each rear rack frame tube as shown.

3. Ensure rear access zipper is closed and bag has been fully secured.
